**Objet :** FW: Agenda of the EAN SG meeting - 24 May 2011

Dear Sir,  
Thank you for your quick reaction and your suggestion to present Medrapet in your newsletter.  
I herewith forward your idea to our project leader Mr. John Damilakis for a decision.  
Best regards,  
Dorien Pronk-Larive

Dear Sir,

As the next ALARA Newsletter will be totally devoted to ALARA in the medical sector (especially by publishing the papers that will be presented at the 13th EAN workshop to be held on 7-10 June 2011, at the Oskarsborg fortress, Norway), I propose that EAN will include an article on the Medrapet project in its Newsletter. The Newsletter will be published in ~ October 2011. If you agree, you should prepare a paper presenting the project and send it to me let's say by the end of August.

Thank you in advance for your confirmation.  
Best regards

Pascal Crouail

Dear Sir,

Please accept my apologies for informing you at such a late stage that the EFRS will not be able to send a delegate to this meeting.

I looked at the agenda and apart from EMAN it maybe would be good to give a short update about the Medrapet project. The project web site is now on line at [www.medrapet.eu](http://www.medrapet.eu) <<http://www.medrapet.eu>> .

We wish you a good meeting and look forward to see the results.

Best regards,

Dorien Pronk-Larive
